TONOPAH DAILY BONANZA

Today's Silver
Quotation, 56.

VOL. XI. NO. 70

TONOPAH, NEVADA, TUESDAY EVENING, JANUARY 16, 1912.

PRICE 10 CENTS.

CONTROL IN WHITE CAPS LEASE SOLD

Large Sum Is Paid for Interests—\$15,000 Worth of Ore on the Dump—Immense Reserves of High Grade and Milling Ore blocked Out in the Workings.

Today a deal was consummated between the White Caps Leasing company of Manhattan and John Kirchen of Tonopah, whereby the latter takes over the machinery, ore on the dump, valued at \$15,000, and the entire stock in the company, the consideration being written with five figures. Since last May the lease has produced \$52,000. The cause of the sale by the leasers to Mr. Kirchen is said to be dissatisfaction among themselves and the long illness of Mr. Boyd, who is now in a sanitarium at El Paso, Texas. The purchaser, who is a heavy stockholder in the new Associated Milling company's plant, now being built at Manhattan, and it is the intention to build a car track 1000 feet in length, from mine to mill, and reduce the great ore bodies of the White Caps mine at the new mill. It is estimated that there is over 500,000 tons of ore now in sight and ready to be broken that will average \$25 per ton.

The lease purchased has a life of two years, and during that time a handsome profit will be returned to the purchaser, Mr. Kirchen.

SHOT DOWN BY ROBBERS IN HIS SALOON

WIFE TRIES TO WARN HUSBAND BUT IS FEW SECONDS TOO LATE—THEY ESCAPE.

SAN FRANCISCO, Jan. 16.—Assemblyman John E. Mullalley, member of the last California legislature, was shot and killed by three robbers in his saloon here yesterday. Mullalley reached under the bar for a revolver when the robbers commanded him to throw up his hands, but he was shot before he could use it. The men escaped.

A warning from Mullalley's wife came a few seconds too late to save his life. She was watching from the window of their residence, a few yards from the saloon, for her husband's home coming, and saw three men skulking in the darkness near the street intersection. Thinking they were waiting to waylay her husband as he was taking home the night's receipts, she immediately telephoned the saloon. The telephone bell rang as the three bandits entered and the call was not answered. The barkeeper, Jack Tierney, and three patrons were in the saloon at the time of the shooting.

Mullalley was a member of the San Francisco labor delegation in the California legislature. He served his first term in the 29th session.

COMMITTEE

A SMALL CROWD—A BIG TIME.
1-15-21

FISHERMEN DROWNED.

ASTHAKIAN, Russia, Jan. 16.—By the breaking away of an ice flow 104 fishermen were driven out to sea and drowned in the Caspian sea.

STRIKERS HAVE BECOME VIOLENT STATE MILITIA IS CALLED OUT

TURKS WERE BOMBARDED BY THE ITALIANS

ADEN, Red Sea, Jan. 16.—Besides destroying or capturing all the vessels flying the Turkish flag in the Red Sea which they came across in the course of their cruises, the Italian cruisers Calabria, Puglia and Piedmont, with the accompanying flotilla of destroyers, have recently bombarded a number of Turkish military camps along the coasts of the Yemen province.

At Lohra, about 60 miles from Kunfida, where the gunboats were sunk by the Italians, they poured a hail of shells into the military camp on January 6. The Turks, however, suffered very few casualties, and no damage was done to the houses in the town.

MADE A NOISE LIKE A MILLIONAIRE FOR ONE DAY

WILKESBARRE, Pa., Jan. 16.—Throwing \$25 in coin to the newsboys as he left, John J. McDewitt, a local politician and son of a day laborer, left here yesterday in his own special train over the Lehigh Valley railroad for New York to enjoy the experience of "being a millionaire for a day."

A large crowd was at the station. Prior to his departure he held a reception at a hotel. McDewitt got his spending money by withdrawing as a candidate for county treasurer. He put himself up as candidate in the primaries and so many persons voted for him "just as a joke" that he was nominated. The county committee became alarmed and tried to get him to withdraw. The negotiations for withdrawal were conducted through the public press. McDewitt naming a higher price each day. At last the committee paid him something like \$2500 to get off the ticket.

THIS LADY USED THE MAILS JUST TO FOOL THE MALES

DENVER, Colo., Jan. 16.—Miss Fay Livingston, 24 years old, who is in jail here following her arrest in Cheyenne, Wyo., by postoffice inspectors on a charge of fraudulent use of the mails yesterday confessed to duping scores of men in various parts of the country, but particularly in the west, out of small sums on her promise of immediate marriage. She used newspapers freely in advertising for correspondents, and scores of youths, middle-aged men, ministers, doctors, and particularly laborers, according to her own statements, became her victims. The postoffice inspectors found hundreds of incriminating letters in her rooms at a local hotel.

When she began her operations here she did not get her mail in this city, but had it forwarded to Rock Springs, Wyo., then to Columbus, Neb., Grand Island, Neb., and to various small towns in the vicinity of Denver.

HUNTINGTON WILSON AS AMBASSADOR TO FRANCE

WASHINGTON, D. C., Jan. 16.—Huntington Wilson, assistant secretary of state, is to succeed Robert Bacon as ambassador to France, according to persistent rumors in diplomatic circles. Thomas C. Dawson, resident diplomatic officer of the state department, mentioned in connection with the post to Brazil, will be made assistant secretary of state.

Lawrence, Mass., Is Scene of Labor Troubles --Bricks Thrown and Weapons Used by Strikers--Militia and Police Called from Nearby Cities.

LAWRENCE, Mass., Jan. 16.—Disorders before the gates of the great textile mills of Lawrence became so frequent and menacing yesterday morning that seven companies of infantry and a battery of field artillery were called out to assist the police in controlling the turbulent striking operatives. During the rioting more than a dozen persons were injured. Thirty-five arrests were made.

A call was sent to several cities for militia and police officers. The militia are armed with muskets and equipped with ball shot. At noon the authorities had the situation yesterday the authorities had the situation well in hand.

Disorders at Mills.

LAWRENCE, Mass., Jan. 16.—Disorders before the gates of the great textile mills of Lawrence became so frequent and menacing yesterday that two companies of militia were called from the armory to assist the police in controlling the turbulent foreign operatives. The uproar at the mill gates was

so great that seven of the big plants were shut down. Several shots into the air were fired, the police and some arrests were made.

A dozen or more operatives were injured, but none seriously.

It is estimated that nearly 20,000 hands are idle, half of whom are actually on strike and the others forced out by the stopping of the machinery.

The trouble, which began last Friday, when a mob stormed several of the mills and injured employees and property, are due to a general reduction of wages necessitated, the manufacturers say, by a cut in the working time from 56 to 54 hours a week, by a new state law governing establishments where women and children are employed. The mills closed are the Wood, Ayer and Washington, employing 15,000 persons; the cotton mills of the Arlington, Everett Pemberton corporation and the mills of the Lawrence Duck company, employing 8000 more.

Other woolen and cotton mills, the employees of which aggregate

CHICAGO HEIRESS FOUND EARNING HER OWN LIVING

Girl, With Thousands In Her Own Name, Who Disappeared Says No Man Caused Her to Leave Her Home.

NEW YORK, Jan. 16.—Violet Buehler, the missing Chicago heiress, was arrested at First avenue and Seventieth street yesterday morning and taken to the police station. She had been working in the neighborhood, the police say, taking care of a sick woman.

Miss Buehler admitted her identity and told the police that she came to New York about a month ago with the idea of seeing the world. She declared that no man had anything to do with her leaving home.

She said that after her money began to get low she decided to get a position and answered a newspaper advertisement for a nurse. She was employed by Mrs. Anna Brett in East Seventieth street.

For more than three weeks Miss Buehler, who is said to be the heiress to an estate worth several thousand dollars, has been acting as a nurse for the mother of Mrs. Brett.

as well as doing light domestic work. The Brett family was astonished when they found out who their servant was. The first news that the girl had been found came from Chicago and a detective was willing to go back to Chicago, and the police in that city were wired for instructions.

No Warrant for Girl.

CHICAGO, Jan. 16.—Just what steps will be taken toward returning Violet Buehler to Chicago has not been decided. The police hold no warrant for her. A conference will be held by Mrs. Buehler, the girl's foster mother, late today.

As soon as it was learned that the girl had been found, several detectives called on Mrs. Buehler, but she was unable to see them.

"I hope to hear directly from Violet some time today," said Mrs. Buehler. "It is my wish that she return without protest. I will welcome her home."

HITCHCOCK AND TAFT ARE OF THE SAME OPINION

**Postmaster General Believes In Government Ownership of Telegraph Lines
Statement Issued from White House.**

WASHINGTON, Jan. 16.—Acquisition of the telegraph lines of the United States and their operation as a part of the postal service will be recommended soon by Postmaster General Hitchcock.

For a year or more Mr. Hitchcock has had this recommendation under consideration. After a thorough study of the operation of government controlled lines and postal telegraph system of foreign countries, he has decided to urge the matter upon congress. Should this recommendation be adopted, Mr. Hitchcock said last night in a statement of his intentions: "I am convinced it would result in important economies and materially lower telegraph rates than are now exacted. Approximately, 50 countries of

the world—notably in Great Britain, Germany, France, Austria, Italy, Spain, Russia and Japan—government controlled telegraphs now are in profitable operation.

In many of the countries they are operated in connection with the postal service. These telegraphs serve a population of 950,000,000 persons, and in each instance they have been found to be of benefit and profit.

"In many small towns where the telegraph companies have officers, the mail and telegraph business could be handled by the same employees.

"The first telegraph in the United States was operated from 1844 to 1847, by authority of congress, and from many view points it is de-

9500, are running on a small scale. It was believed that practically every mill in Lawrence would be forced to close.

The trouble yesterday began with an attempt by the strikers to rush the doors at the Wood worsted mills and the Prospect woolen mills. The attempts at both places were repulsed by the police, who used their clubs freely and made several arrests.

Strikers Become Violent.

The strikers raided a train of coal cars and bombarded the windows of one mill with chunks of coal, injuring six operatives. The police then charged the mob and fired into the air, but the shot did not scare the strikers, and orders were given to turn on the water in the mill hose. At this time two companies of militia, under Captain Randlett, were ordered out.

Captain Randlett's orders to the crowd to disperse, were not obeyed immediately, and he ordered the militiamen to charge with bayonets set. In the charge many of the bayonets were pressed against the crowd, but the militiamen were careful not to inflict wounds. Two rioters were shot, but not seriously hurt.

Company C, light artillery, was ordered out half an hour later. The guns of the battery were unlimbered, whereupon the crowd dispersed. Additional police were also rushed from Boston, Salem and elsewhere. V. Lamerest, who, the police say, was one of the most violent in the crowd, was arrested, charged with assault. He carried a revolver and 32 cartridges, a long dirk knife and a stiletto. About 30 other arrests were made.

TONOPAH COUPLE WED LAST NIGHT

Last evening at the residence of the bride's parents, Miss Clori M. Sweeney became the wife of Mr. Arthur Chester Solers, the Rev. Father Flynn officiating. The bride is one of Tonopah's charming young ladies, and during the past five years has held the responsible position of bookkeeper for the Nevada-California Power company's Tonopah office, and by her courteous treatment to patrons is highly esteemed by all. The groom is one of Tonopah's sterling young men; is an electrician in the employ of the West End and the Halifax Mining companies.

The newly married couple will make their home in Tonopah. May their wedded life be one of sunshine and joy.

EDWARD HAND WEDS MAY HUNT

At the residence of Mr. and Mrs. William Marsh last evening Judge H. H. Atkinson united in the holy bonds of matrimony Miss May Hunt of this city and Mr. Edward E. Hand of Monitor valley. The bride is a popular lady of the younger set and is a sister of Mrs. Newton Crumley, while the groom is one of the foremen on the Hunt stock ranch. The newly weds will make their home in Tonopah during this winter. The Bonanza extends congratulations and hopes the happy wedded couple will go through life hand in hand.

ACCIDENTS AT BELMONT.

Sunday afternoon while engaged upon construction work at the new Belmont mill, Ed Lane, an employe, fell a distance of 15 feet, breaking an arm at the wrist and severely spraining his knee. He was removed to the Miners' hospital, and under the care of Dr. McDonald, is getting along nicely.

Today, while working in the mine, a fall of rock caused two toes to be broken and the foot crushed considerable of William Hunter. The injured man was taken to his residence for medical treatment.

JARBIDGE, NEV., OFFERS \$100,000 FOR BIG FIGHT

CHICAGO, Jan. 16.—Jack Curley received from H. Jack Flynn at Jarbridge, Nevada, an offer of \$100,000 for the Jack Johnson-Jim Flynn fight next July. The telegram also stated that the sender represented Jarbridge mining men who had formed an athletic club and they meant business. Curley was inclined to accept the offer until he learned that Jarbridge is reached only by stage. He then concluded that the offer was merely a hoax. The Pueblo fireman denied that the sender of the message was any relative of his.

Ever since Jim Flynn trimmed Al Kaufman so handily in Kansas City and then handed Carl Morris a beating that he will remember all his life, the Pueblo fireman has been before the public eye, but not until he was matched with Johnson has the demand for his services been as strong as it is now.

ATTELL WILL BOX

KILBANE FEB. 22

NEW YORK, Jan. 16.—Featherweight Champion Abe Attell said yesterday that he will start for Los Angeles immediately after his ten-round bout with "Knockout" Brown, which takes place in this city Thursday. Attell is going to the Pacific coast to get into condition for his approaching battle with Johnny Kilbane of Cleveland, which will be pulled off before the Pacific Athletic club of Vernon, Cal., on Washington's birthday, February 22. Abe is to get \$7000 for his end and he is particularly anxious to win.

SAN FRANCISCO WILL HAVE A HIGH POWER WIRELESS

SAN FRANCISCO, Jan. 16.—A letter received here yesterday from George Von L. Meyer, secretary of the navy, tells of government plans for the establishment in San Francisco of the highest powered wireless station in the world. The wireless tower, if completed, will be 1250 feet high and will place San Francisco in communication with Washington, Key West, Colon, Honolulu, all Alaska stations, vessels on the Pacific and possibly vessels on the coast of Japan.

SILVER STEADILY CLIMBING.

Today silver is quoted at 56 cents, the highest for several weeks. With silver at 70 cents a new impetus to mining would be given this state.
